

Mission Statement and Strategic Aims

Mission Statement

To provide high quality education and support for young people which develops the talents and promotes the aspirations of every student.

Strategic aims 2012-15

- To be a successful modern learning community with a reputation for innovation and creative ways of educating and supporting students to achieve their potential
- To provide an all-round education which promotes independent learning and encourages young people to think for themselves and question the world around them.
- To play an active role in our local community including working in partnership with other educational institutions and local organisations.
- To offer the best in terms of attractive, modern and stimulating facilities and resources including cutting edge ILT provision.
- To be an efficient, fair and intelligently managed organisation functioning on the basis of team-work, the latest developments in technology and sound finance.
