

Learning Support for Students at Godalming College

Dear Student and Parents,

The college aims to create an environment that is accessible and supportive towards all students. We endeavour to support any student who needs help with their studies. All students may access support through our Study Centre (Room 235) located on the top floor in the Learning Resource Centre. Some students with more complex needs may require more regular individual or small group support. We also provide in class support for students with specific high needs and for some one-year and vocational courses.

We want all students to be successful on their chosen courses. To help us achieve this please complete the slip below. The section on exam arrangements is very important, as we need to apply as soon as possible as some controlled assessments start in September.

The exam boards require specific evidence to support an application for exam arrangements. If you have exam arrangements at GCSE your school should have completed a Form 8, please ask them to give you a copy to send to me as soon as possible.

Please complete the slip below if you have a learning need or disability and return via email to Julierashbrooke@godalming.ac.uk or send to me by post along with any of the following: Form 8, assessment reports, EHC Plan/Statement if appropriate.

Julie Rashbrooke
Learning Support Manager

Reply Slip

Student's name.....
