

How will I be assessed?

You will be assessed through 50% portfolio/coursework, 25% exam and 25% exam board set controlled assessments. Each unit is awarded points, which are translated into an overall grade (Pass, Merit or Distinction) by the assessors at the end of the course. Assignment tasks will be in the form of a variety of observed practical tasks, reports, presentations and activities.

What sort of work will I be doing?

You will encounter a wide variety of approaches, tasks and exercises. You'll get your basic knowledge and understanding through combinations of class notes, articles, research, videos, and practical exercises. You'll learn to apply this knowledge, to explain, analyse and evaluate each individual unit of study, culminating in you organising your own College based event (for your final assessment). Educational visits, work experience and guest speakers form an integral part of the course in making the learning experience interesting, thought provoking and real. You will be assessed delivering customer service at various College events, giving you the chance to demonstrate many of the skills that you learn. This course is hard work but with motivation, dedication and application all students benefit greatly from its broad approach and achieve excellent results at the end.

What extra work can I do?

College expects that for every hour in lessons you should be doing one hour of private study. This is the case for all subjects. In private study time for this subject you will be completing coursework, reading about the subject in newspapers and magazines, attending events with a critical eye and not just for pleasure, researching statistics on the Internet and keeping abreast of current issues impacting on the hospitality industry. The industry is always looking for keen and enthusiastic employees – a part time job in the industry can be massively beneficial to your understanding of many topics we cover (as well as being a useful resource on which to base some of your assessments).
