What is the +1?

The +1 offer at Godalming College gives you a chance to add activities to your timetable to support your progression. They also provide a great opportunity to explore and develop your skills, talents and aspirations and/or get better at an activity that you already enjoy. There are also additional one year subject choices for those who would like to achieve an extra qualification.

This leaflet is designed to give you an overview of the +1 offer for you when you enrol at College. There will be much more information available and a more detailed explanation of the +1 provided for you when you come along to your 'Going To Godalming Day' in June.

You will get final confirmation of your +1 activity after you have enrolled.

Please have a think about what you might like to do, don't worry if you don't yet know. This leaflet is designed to just give you a flavour of our +1 offer.

+1 Options:
