Help and Support from the Godalming College Drama Department

The Drama Department will support students through their applications and auditions for vocational schools. They have a masterclass event to kick start this process during the Summer Term of the student's first year and invite past students who are currently studying at vocational schools back towards the end of Term 1 in the second year for a networking event. The Department will also endeavor to buddy up current students/applicants with an ex-student who is studying/ has studied at the relevant schools.
